

IN THE ABSTRACT

Please enter the Replacement Abstract, attached hereto. Amendments have been made to the Abstract to correct some minor typographical errors.

IN THE DRAWINGS

Please enter the Replacement Sheet for Figure 1, attached hereto. Amendments have been made to Figure 1 as discussed below.

IN THE SPECIFICATION

Please amend the specification as follows:

Please replace the paragraph beginning on page 1, line 23, and ending on page 2, line 2, which begins with the phrase "A typical GPS receiver uses an RF-IF/Converter", with the following rewritten paragraph:

- - A typical GPS receiver uses an RF-IF/Converter section that selects, amplifies, filters, and downconverts the received GPS signals, and a baseband processing section to despread and detect the downconverted signals and determine a position of the GPS receiver. The RF section of today's GPS receivers are designed by each company that makes the receiver, and therefore, there are no established standards for such designs. - -

Please replace the paragraph beginning on page 7, line 21 and ending on page 8, line 11, which begins with the phrase "Figure 2 illustrates RF front end IC 107", with the following rewritten paragraph:
